Julia and Thomas Wheeler
Betsy and Leon Whitney
Carolyn and William Winger
Victoria Wright
Margaret and James Yokko
Margie Yowell
*Deceased members; (*) denotes both individuals are deceased.
Listing as of April 25, 2019
I was brought up around art. I took watercolor lessons with my father when I was 10. Thus, art has always been important to me. I was really introduced to The Dayton Art Institute when I returned to Dayton in 1969. I had three girls, and we started by doing children's art for Oktoberfest. I worked at the museum from 1976 until 1982, and thus was introduced to the complexity of running a museum and the importance of its impact on the community. I saw that art, in all its beauty and thought provoking challenge, does indeed change lives.

Strangely enough, with all of my husband John’s and my involvement with The DAI, we had not thought of a planned gift. We were redoing our estate plan, and our attorney asked if we wished to make any bequests. The light dawned.

“I would like people to know that planned gifts of any size are the stepping stones to the future well-being of any nonprofit. It is especially important for The DAI, which has been severely under endowed since its doors opened. People should realize that planned gifts come in all sizes and that each and every one is important. It does not have to be huge, and one doesn’t need to be a millionaire. Far from it. I want The DAI to have a bright future for generations to come. In a small way, I hope we helped.
