

2022 Summer Art Camp Descriptions

1st-3rd

Animals in Art (Grades 1st - 3rd / 9am-3pm / July 11-15/ \$175m, \$190nm)

Come and meet all sorts of furry friends who live within some of the world's artistic masterpieces, as well as the artists who created them! Campers will be focusing specifically on artists who included animals in their famous masterpieces, such as Frida Kahlo, Henri Rousseau, and Pablo Picasso! Projects include paintings, drawings, carvings, clay sculptures and more!

All About Me (Grades 1st-3rd / 9am-3pm / July 18-22/ \$175m, \$190nm)

Kids will learn how to turn their unique knowledge and experiences into individualized pieces of art. Explore different mediums to create portraits, and see your memories come to life as something new! Multi-media.

Beach Arty Party (Grades 1st-3rd / 9am-3pm / July 25-29/ \$175m, \$190nm)

Can't go to the beach? We will bring the beach to you! Our beach party camp will explore colors, shapes, and compositions as we create 2 and 3-dimensional art. Camper's will experience a wide variety of art mediums such as clay, paint, and natural art materials. Students will learn to study works of art in the gallery, sketch and make connections between gallery pieces and lessons taught during camp. Campers will enjoy creating sunny themed masterpieces.

World Travelers (Grades 1st-3rd / 9am-3pm / (Grades 7th-9th / 9am-3pm / August 1-5/\$175m, \$190nm) Grab your sketchbooks! Grab your passports! Campers travel all over the globe, exploring some of the oldest and richest cultures on Earth through art. Make tons of unique art projects while being immersed in the culture of Asia, Europe, South America, Africa and more!

4TH-6TH

Super Heroes (Grades 4th – 6th / 9am-3pm / July 11-15/ \$175m, \$190nm)

Learn about character design, historical stories, and mythological hero figures, and incorporate inspirations to create your own timeless Super Heroes. Drawing and illustration, painting, sculpture and more!

Hyperspace Sci-Fi (Grades 4th – 6th / 9am-3pm / July 18-22/ \$175m, \$190nm)

Guests will explore with out of this world ideas to create artworks inspired by astronomy, the forces of physics, and science fiction. Close encounters with a variety of artistic mediums including clay, metal, and paint will occur.

Art in the Round (Grades 4th – 6th / 9am-3pm / July 25-29/ \$175m, \$190nm)

Campers will use building, sculpting, collaging and compositional techniques to construct or deconstruct three-dimensional works of art. This multimedia sculpture classes will help artists plan and create works able to be admired from all directions.

2022 Summer Art Camp Descriptions

Full STEAM Ahead (Grades 4th – 6th / 9am-3pm / August 1-5/ \$175m, \$190nm)

Discover how art activities and science experiments can be integrated and fun! Enjoy art-making experiences that connect with physics, biology, chemistry, and earth science.

7TH-9TH

European Vacation (Grades 7th-9th / 9am-3pm / July 11-15/ \$175m, \$190nm)

learn about artists and styles from important periods in the history of art. Using classic techniques and mixed media, each day you will create art based on classics from Impressionism through Expressionism.

Art and Nature (Grades 7th-9th / 9am-3pm / July 18-22/ \$175m, \$190nm)

Nature is the greatest inspiration for art, full of texture, shapes, and colors. We will observe and learn about subjects in nature to make art activities designed for both beginners and confident creatives. Daily themes invite fresh joyful exploration of materials and processes.

Myths and Celebrations (Grades 7th-9th / 9am-3pm / July 25-29/ \$175m, \$190nm)

Kids will "travel" the world and create art inspired by myths, celebrations, and different locations around the globe. Each day a new theme guides our hands-on experiences to transform our campers' knowledge into a personal connection and amazing art. Your camper will become fluent in the universal language of art!

A Little of This & A Little of That (Grades 7th-9th / 9am-3pm / August 1-5/\$175m,

\$190nm) Come join us for an exploration of various art mediums and techniques. Campers will learn about the elements of art while applying their own creative spins to traditional artistic techniques. We will work with several clay building techniques as well as glazing techniques. Campers will work with printmaking, painting, and drawing while creating 2 and 3 dimensional projects. During camp students will visit the gallery and learn about making artistic connections to the work they're completing in class. This Camp will be a sampling of many visual art styles and elements.
